

DUMP TRUCK/EQUIPMENT OPERATOR

JC: MA313

PG: 301 (MW-III)

BU: 01 (SEIU)

FLSA: Non-Exempt

*Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are **not** intended to reflect all duties performed within the job.*

DEFINITION

Under general direction, operates dump trucks and tows various light and heavy equipment in support of grounds maintenance work; and performs related duties as assigned.

CLASS CHARACTERISTICS

Incumbents in this class are skilled in operating a variety of heavy and light equipment in providing support to crews of workers performing varied grounds maintenance tasks. Typical equipment operated includes dump trucks, garbage trucks, bucket trucks, chippers, Bobcats and backhoes for debris removal and hauling. When not operating equipment, incumbents also perform physical labor in the maintenance of grounds and the upkeep of landscaped areas around District facilities. This class is distinguished from Track Equipment Operator and Structures Equipment Operator in that these classes operate high rail and varied heavy specialized vehicles, respectively, in support of track and structures maintenance and repair work and perform physical labor incidental to their primary function of equipment operation.

REPORTS TO

This position reports to the Grounds Foreworker.

EXAMPLES OF DUTIES – *Duties may include, but are not limited to, the following:*

1. Operates a variety of light and heavy vehicles used in ground maintenance work.
2. Transports equipment to and from the work sites as required; tows equipment including chippers, backhoes and Bobcats.
3. Responsible for lifting/loading and unloading of the dump truck and operating the chippers, backhoes and Bobcats.
4. When not operating equipment performs all work duties that may be assigned a Grounds Worker and/or Irrigation/Grounds Worker.
5. Uses appropriate hand or power equipment.
6. Reads drawings and schematics to determine appropriate measurements.
7. Cleans up work site after completion of assigned work.
