

**BART Agreement Number: 6M6137**

**Approval Date: 11/12/21**

**Work Plan No. A.04-04 – 2150 Webster - Art Project Implementation - Amendment 2**

**Scope:**

This scope of services is a modification to WP A.04-2 of the agreement in support of the implementation of artwork and graphic design for the new BART Headquarters (BHQ), in alignment with the BART Art Policy. The amended work will be implemented by Hood Design Studios (HDS). HDS will continue to support the project with a team experienced in art design and development – specifically creating art elements for headquarters first floor boardroom and lobby that visually integrates the program concept developed by HDS in the first part of the work. The goals for the BHQ Art Program are to reflect the values of the organization, its management and staff in providing quality and safe transit for our customers, and transparent and accessible governance in the San Francisco Bay Area.

As part of the original scope of this Work Plan, a series of art and design opportunity locations were identified. The implementation of the artwork has exceeded the initial scope and estimate so additional hours are required to complete the work.
