ALL REMAINING SURFACE PARKING LOTS TO CLOSE AT MILLBRAE STATION (PHASE 5) MONDAY 3/23/2020

Dear Customer,

On Monday, March 23, 2020, the Gateway at Millbrae Station project will close all remaining surface parking lots. (Please see the attached map). All areas will be signed at least 72 hours in advance of closures.

The parking garage will remain open during all phases of construction; however, a portion of the 1st floor of the garage is closed for construction of a new Passenger Loading area and there will be limited times when the entire first floor will need to be closed—drivers will still be able to access the rest of the garage when that happens. The new Passenger Loading area will open in late April/early May.

WHEN Starting Monday, March 23, 2020

WHAT TO EXPECT All remaining surface parking lots (phase 5) will be closed permanently. Because there will be fewer parking spaces at the station, we have taken steps to make sure most BART customers will still be able to find a space: the parking garage has been restriped to create additional spaces; and a carpool feature has been added to the Official BART App to encourage carpools to the station.

PROJECT UPDATES For project details, construction updates, parking lot closure notifications and alternative transportation options for accessing the station, visit:
