INSTALLATION OF BIKE LOCKERS AT WEST OAKLAND STATION STARTS JANUARY 18, 2016

Dear BART Customers:

Starting January 18, 2016 we will close off 20 Daily Parking spaces near the entrance to the West Oakland Station in order to lay a concrete pad in the area that is currently dirt and bushes. We will then install 21 new bike locker pods (each with space for up to 4 bicycles) for a total of 84 new bike locker spaces. Additionally, we will install and reconfigure new "wave" racks in front of the station entrance, creating an additional 56 bicycle parking spaces.

There is a map on the reverse of this bulletin showing the location of the work and the parking spaces that will be closed. The work will take place next to the sidewalk directly south of the station immediately across the roadway from the entrance. The sidewalk will remain open and the crosswalks and curb cuts will still be accessible.

The work will proceed as quickly as possible, but there may be delays for rain.

We realize that this will be inconvenient for you and appreciate your patience during this important maintenance work.
