## Use of Force

### 300.1 PURPOSE AND SCOPE

The BART Police Department's highest priority is safeguarding the life, dignity, and liberty of all persons. Officers shall demonstrate this principle in their daily interactions with the community they are sworn to protect and serve. The Department is committed to accomplishing this mission with respect and minimal reliance on the use of force by using rapport-building communication, crisis intervention, and de-escalation tactics before resorting to force, whenever feasible. This Department policy builds upon the Supreme Court's broad principles in *Graham v. Connor* (1989) 490 U.S. 386 and is more restrictive than the constitutional standard and state law. The Law Enforcement Code of Ethics requires all sworn law enforcement officers to carry out their duties with courtesy, respect, professionalism, and to never employ unnecessary force. These are key factors in maintaining legitimacy with the community and safeguarding the public's trust.

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, non-biased, and reasonable manner.

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose. Officers must strive to use the minimal amount of force necessary.

#### 300.1.1 DEFINITIONS

Definitions related to this policy include:

**Deadly force** - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to discharge of a firearm(Penal Code § 835a).

**Feasible** - Capable of being done or carried out to successfully achieve a legitimate law enforcement objective without increasing the risk to the officer or bystander(s).

**Force** - The application of physical techniques or tactics, chemical agents or weapons to another person.

**Legitimate law enforcement objective** - Effect a lawful arrest, detention, or search; overcome resistance or prevent escape; prevent the commission of a public offense; in defense of others or in self-defense; gain compliance with a lawful order; to prevent a person from injuring himself/herself.

**Minimal amount of force necessary** - The lowest level of force within the range of objectively reasonable force that is necessary to effect an arrest or achieve a lawful objective without increasing the risk to others.

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Use of Force*

---

**Non-deadly Force** - Any application of force that is not reasonably anticipated and intended to create a substantial likelihood of death or very serious bodily injury shall be considered non-deadly force.

**Personal Body Weapons** - An officer's use of his/her body part, including but not limited to hand, foot, knee, elbow, shoulder, hip, arm, leg or head by means of high velocity kinetic energy transfer (impact) to gain control of a subject.

**Proportionality** - Considers whether a particular use of force is proportionate and appropriate to the totality of the circumstances, and requires officers to consider whether alternative lesser or non-force options are feasible and likely to be effective. Proportional force does not imply equal force; officers may use superior force, consistent with this policy.

**Reasonable Belief** - An objective belief determined by the facts and circumstances reasonably available to the officer at the time (on-scene and without hindsight) and viewed from the perspective of a reasonable peace officer in the same situation, guided by the principles set forth in this policy.

**Reasonable Force** - An objective standard of force viewed from the perspective of a reasonable officer, without the benefit of 20/20 hindsight, and based on the totality of the circumstances known to or perceived by the officer at the time.

**Serious Bodily Injury** - A bodily injury that creates a substantial risk of death; causes serious, permanent disfigurement; or results in long-term loss or impairment of the functioning of any bodily member or organ.

It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

### **300.2 POLICY**

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose. Officers must strive to use the minimal amount of force necessary.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that

---

officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force. Retreating for a tactical advantage should be considered and utilized, when feasible and appropriate.

Officers shall not use force with bias, based upon: race; ethnicity or nationality; religion; sex, sexual orientation; economic status; age; cultural group; disability; or affiliation with any other similar identifiable group.

Use of force against vulnerable populations (such as, without limitation, children, elderly, pregnant women, people with physical and mental disabilities, and people with limited English proficiency) can undermine public trust and should only be used if no other options appear reasonable or effective. It is recognized that the above may not be readily apparent or known to the officer. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

The Department recognizes that transparency and accountability in the use of force is essential to preserving the trust of the community and to maintaining professional standards. This policy therefore requires rigorous reporting and review of all instances of the use of force.

#### 300.2.1 DUTY TO INTERCEDE

A use of excessive force by law enforcement personnel is a matter of serious concern to the community, and even a single instance of excessive force may critically undermine public trust in the Department. Accordingly, any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when feasible, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law shall promptly report these observations to a supervisor.

#### 300.2.2 DE-ESCALATION TECHNIQUES

Officers shall use de-escalation techniques whenever feasible and appropriate: to potentially reduce or eliminate the need to use force; and to prevent injuries to the subject, the public and the officer(s). Use of de-escalation techniques must allow for the fact that officers are often forced to make split-second decisions, with limited information, and in circumstances that are tense, uncertain and rapidly evolving.

- (a) Officers shall, when feasible, continually assess the dynamics of a situation, and modulate their response and actions appropriately. Officers may be justified in using force at one moment, but not justified in using force the next moment due to a change in dynamics.
- (b) De-escalation techniques may include verbal persuasion, warnings and tactical de-escalation techniques, such as: slowing down the pace of an incident; “waiting out” subjects; creating distance (and thus the reactionary gap) between the officer and the threat; and requesting additional resources (e.g., specialized units, mental health care providers, negotiators, etc.) to resolve the incident.
  - 1. Officers should recognize that they may withdraw to a position that is tactically advantageous or allows them greater distance to de-escalate a situation.
  - 2. Officers should consider a variety of options, including lesser force or no force options.
  - 3. Officers should perform their work in a manner that avoids unduly jeopardizing their own safety or the safety of others.
  - 4. Officers shall not intentionally and unnecessarily escalate and/or create a need to use force.
  - 5. Officers should attempt to understand and consider possible reasons why a subject may be noncompliant or resisting arrest. A subject may not be capable of understanding the situation because of a medical condition; mental, physical, or hearing impairment; language barrier; drug interaction; or emotional crisis, and have no criminal intent. These situations may not make the subject any less dangerous, but understanding a subject’s situation may enable officers to calm the subject and allow officers to use de-escalation techniques while maintaining public and officer safety.
  - 6. Officers should continue de-escalation techniques, when feasible and appropriate, and take as much time as reasonably necessary to resolve the incident, in effort to avoid and/or minimize the use force.
- (c) When an officer recognizes that mental illness, post-traumatic stress disorder, alcohol and/or drug addictions, or other health issues are causing an individual to behave erratically, the officer shall, when feasible and appropriate, try to de-escalate the situation using de-escalation and/or Crisis Intervention techniques.

Establishing Communication - Communication with non-compliant subjects is often most effective when officers establish rapport, use the proper voice intonation, ask questions and provide advice to defuse conflict and achieve voluntary compliance before resorting to force options.

### Use of Force

---

Supervisors conducting a use of force investigation will indicate de-escalation as a force option in BlueTeam whenever de-escalation was attempted or used in an incident.

#### **300.3 USE OF FORCE**

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

There are circumstances in which a force option may be legally justified under the principles set forth in *Graham v. Connor*, but the use of that force option may not be appropriate, warranted, and/or necessary.

This policy builds upon the broad principles in *Graham v. Connor* by adding additional, more restrictive factors upon which an officer's use of force shall be evaluated. These factors should be considered when determining whether to apply force (as time and circumstances permit), and in evaluating whether an officer has used reasonable force.

Additional factors set forth by case law and by this Policy:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The feasibility, efficacy, and safety of alternative lesser or non-force options, including the availability of de-escalation techniques that might reduce or eliminate the need to use force, or prevent injuries to the subject, the public and the officer(s).
- (c) Whether the force option is proportionate and appropriate to the totality of the circumstances, and whether alternative lesser or non-force options are feasible and likely to be effective. Proportional force does not imply equal force; officers may use superior force, consistent with this policy.
- ⚠ (d) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (e) The conduct of the officer prior to the use of force. Specifically, did the officer violate policy and unnecessarily escalate the situation to a use of force.
- (f) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (g) The effects of drugs or alcohol.
- (h) Subject's mental state or capacity, including any apparent/known mental health issues.
- (i) Proximity of weapons or dangerous improvised devices.

### Use of Force

---

- (j) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (k) The availability of other options and their possible effectiveness.
- (l) Seriousness of the suspected offense or reason for contact with the individual.
- (m) Training and experience of the officer.
- (n) Potential for injury to officers, suspects and others.
- (o) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (p) The risk and reasonably foreseeable consequences of escape.
- (q) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (r) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (s) Prior contacts with the subject or awareness of any propensity for violence.
- (t) Any other exigent circumstances.
- (u) Officers must strive to use the minimal amount of force necessary.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

#### 300.3.1 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Use of Force*

---

- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

#### 300.3.2 PERSONAL BODY WEAPONS

Personal body weapon strikes, punches, lifts or kicks for which the officer has received department-approved training, may be used when the officer reasonably believes that the use of such force appears necessary to further a legitimate law enforcement purpose.

Personal body weapon strikes, punches, or kicks to the rear of the head, neck or spine are prohibited. The only exception to this prohibition would be under exigent circumstances when deadly force is justified and reasonable.

#### 300.3.3 CAROTID CONTROL HOLD

The use of the carotid restraint is prohibited. The only exception to this prohibition would be under exigent circumstances when deadly force is justified and reasonable.

#### 300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Department for this specific purpose.

#### 300.3.5 DRAWING/DEPLOYING A FIREARM

Whenever an officer draws/deploys a firearm during the performance of his/her duties to defend, detain or take any person into custody (the suspect is contacted or arrested, the officer is present and is within potential sight of the suspect), it is considered a use of force and an account of the incident must be made in a police report. The officer should include in the narrative of the report how the weapon was used in the incident, as well as the justification for such action. The documentation of how the weapon was used should include information on how the weapon was presented. The officer must notify a supervisor as soon as practical, and the supervisor will complete a Use of Force Investigation with accompanying documentation as outlined in this policy.

Whenever an officer draws/deploys a firearm during the performance of his/her duties in the presence of others, but does not use the firearm to defend, detain or take any person into custody (the suspect is not contacted or arrested), it is not considered a use of force and an account of the incident must be made in a police report.

Whenever an officer draws/deploys a firearm during the performance of his/her duties not in the presence of others, it is not considered a use of force and no documentation is required. [An](#)

example of that type of incident would include, but is not limited to, the search of an empty building or car where no person is contacted during the search.

#### 300.4 DEADLY FORCE APPLICATIONS

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers should evaluate the use of other reasonably available resources and techniques when determining whether to use deadly force. The use of deadly force is only justified in the following circumstances (Penal Code § 835a):

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.
- (b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

##### 300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. It is also noted that in many circumstances, disabling the driver of a vehicle may increase the potential for harm to bystanders and/or the officer.

- Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.
- Officers shall not intentionally and unnecessarily move into the path of an approaching vehicle to create their own exigent circumstance.
- Officers should not shoot at any part of a moving vehicle in an attempt to disable the vehicle.
- Officers shall not discharge a firearm at a moving vehicle or its occupants when there are other reasonable means available to avert the threat.

- Officers shall not discharge a firearm from a moving vehicle when there are other reasonable means available to avert the present threat.
- Officers may only shoot at a moving vehicle under exigent circumstances, when the driver and/or occupants are targeting others with the intent to cause great bodily injury or death and there are no other reasonable means available to avert the threat. ▲

#### **300.5 REPORTING THE USE OF FORCE**

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

Supplemental reports will be completed by personnel who are present when force is used by another officer. Officers have a duty to report all pertinent facts known to them.

All police reports, inclusive of any supplemental reports, involving the documentation of a use of force must be reviewed and approved by a supervisor prior to the employee going off duty.

##### **300.5.1 NOTIFICATION TO SUPERVISORS**

Supervisory notification shall be made as soon as practicable following any Level 2, 3, or 4 application of force. Levels of force and the respective reporting, investigation, documentation, and review requirements are defined in section 300.5.2.

All use of force must be documented in a police report and reviewed by a supervisor.

##### **300.5.2 USE OF FORCE INVESTIGATION, DOCUMENTATION, AND REVIEW**

Upon receiving notification of a use of force, a supervisor who was not involved in the use of force incident, will determine the level of investigation and documentation.

The following categories and parameters will explain levels of force and the respective reporting, investigation, documentation, and review requirements. Incidents will be categorized as Level 1, Level 2, Level 3, or Level 4.

#### **Level 1: Documentation in a Police Report Only**

Level 1 Incident Parameters:

- (a) Subject allowed him/herself to be searched, escorted, and/or handcuffed. The officer did not use force to overcome resistance, nor did the officer use force in the absence of resistance.
- (b) Officer used any of the following, and the circumstances of the application would lead a reasonable officer to conclude that the subject did not experience more than momentary discomfort:
  1. Control holds/pressure point application
  2. Leverage
  3. Grab

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Use of Force*

---

4. Bodyweight
  5. The officer lowered the subject to a seated position or to the ground while partially or completely supporting the person's bodyweight.
- (c) Officer used any of following:
1. Professional presence and/or verbalization
  2. TASER/LLIMs Deployed (no activation)
  3. Drawn/deployed firearm, but no suspect contacted or arrested
- (d) Subject has no visible injury due to interaction with officer.
- (e) Subject has no complaint of injury or continuing pain.
- (f) Subject does not indicate intent to pursue litigation.
- (g) Subject was not rendered unconscious due to interaction with officer.
- (h) No allegation of misconduct against officer, regarding force.
- (i) Officer body camera was activated in a timely manner, prior to the enforcement contact, per policy.

Level 1 Incidents should be documented by an officer in an appropriate police report, citation, Field Interview, and/or CADS entry. Supervisors will review police report narratives for approval.

### **Level 2: Use of Force**

Level 2 Incident Parameters:

- (a) No suspect injury or complaint of continuing pain due to interaction with officer.
- (b) No allegation of misconduct against officer, regarding force.
- (c) Officer body camera was activated in a timely manner, prior to the enforcement contact, per policy.
- (d) Officer's use of force was limited to the following:
  1. Any takedown, that did not appear to cause more than momentary discomfort.
  2. Firearm drawn/deployed but not fired, suspect contacted
  3. Control hold, pressure point, leverage, grab, and/or bodyweight, and the application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.

An uninvolved supervisor will respond to the scene and conduct a Use of Force Investigation, ensuring that statements are taken from the suspect and witnesses, and that photos are taken of the involved parties. If the incident fits the parameters for a Level 2 incident, the supervisor will enter all applicable data into BlueTeam and attach a completed Use of Force Investigation Checklist with a brief summary.

### Use of Force

---

Witness statements from fire and medical personnel are not required under the following circumstance: an officer assists medical personnel to restrain and/or secure a subject to a gurney for medical transport in a non-criminal detention (i.e. 5150 or 5170 detention), and all of the following conditions are met:

- (a) The officer only used force options limited to the following: grab, hold, leverage, and/or bodyweight.
- (b) No subject injury or complaint of continuing pain due to interaction with officer.
- (c) No allegation of misconduct against officer, regarding force.
- (d) Officer body camera was activated in a timely manner, per policy.
- (e) The unit number for the fire and medical personnel is obtained.

### **Level 3: Use of Force**

Level 3 Incident Parameters:

- (a) Would have otherwise been classified as a Level 2, except one or more of the following apply:
  1. Suspect injury or complaint of injury or continuing pain due to interaction with officer.
  2. Allegation of misconduct against officer, regarding force.
  3. Officer body camera was not activated in a timely manner, prior to the enforcement contact, per policy.
- (b) The use of force is Level 3 if the officer used any of the following force options:

  2. TASER Activation/LLIMS Activation
  3. Chemical Agents/Munitions
  4. Impact Weapon Strikes
  5. Personal Body Weapons
  6. Police canine deployment resulting in injury

An uninvolved supervisor will respond to the scene and conduct a Use of Force Investigation, ensuring that statements are taken from the suspect and witnesses. The supervisor will also complete a Use of Force Investigation Report narrative for review through the Use of Force Review process. Suspect and witness statements from the crime report will be attached to the use of force investigation. Use of Force involving police canines will be documented and reviewed additionally per Policy 318.

When a BART Police employee has a use of force as defined in this policy, the use of force must be reported to a BART Police supervisor and investigated in accordance with this policy.

When two or more BART Police officers are temporarily assigned to assist an outside agency or multi-agency task force in the performance of law enforcement activities, a BART police supervisor should also be present.

#### 300.5.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

### **300.6 MEDICAL CONSIDERATION FOLLOWING A USE OF FORCE**

Prior to booking or release, and as soon as possible under the circumstances, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a **description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).**

### Use of Force

---

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage nearby if appropriate.

#### **300.7 SUPERVISOR RESPONSIBILITY**

An uninvolved supervisor should respond to the scene of a Level 2, Level 3, or Level 4 use of force. The supervisor is expected to do the following:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) Ensure that arrestees and witnesses are interviewed, and that the interviews are audio/video recorded. If the arrestee invokes their Miranda rights at any point, all interrogation shall cease as outlined per case law.
  - 1. Officers should take recorded suspect and witness statements related to all criminal charges as appropriate, including the circumstances involving the use of force. These statements will be documented in the crime report. If the responding supervisor conducts the interview, then the supervisor should document the statement in the crime report.
  - 2. In addition to the statement taken for the criminal report, supervisors conducting the use of force investigation should seek a voluntary statement regarding the use of force from suspects who have not invoked their Miranda rights. The interview should be audio/video recorded. If the statement contains information that is relevant to the criminal case but is not covered in the primary crime report, the supervisor will document the interview in a supplemental crime report.
  - 3. In the event that force is used on an individual with no criminal charges (i.e. psychiatric detentions), then the responding supervisor should interview the detainee regarding the use of force.
  - 4. In all cases, the responding supervisor should identify themselves as a supervisor to the arrestee/detainee. If the subject makes an allegation of misconduct, the supervisor will receive and forward the complaint to Internal Affairs.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Review the portion(s) of the Axon Flex video pertaining to the use of force and/or allegation of misconduct.

### *Use of Force*

---

- (f) Review and approve all related reports.

In the event that an uninvolved supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit. The investigation will be documented in a Use of Force Investigation checklist and narrative as warranted.

When practical, involved supervisors, meaning those who use force in a given incident or those who witness the use of force by another officer in a given incident, should not obtain statements from other officers as part of a report on the use of force, as such is the responsibility of an uninvolved supervisor. Furthermore, involved supervisors and officers shall not attempt to influence other officers' or civilian witnesses' accounts of what occurred during the incident or otherwise compromise the integrity of the use of force investigation.

Use of Force Investigation Reports will be forwarded and reviewed through the chain of command.

#### **300.7.1 WATCH COMMANDER RESPONSIBILITY**

A watch commander will review the Use of Force Investigation Report to ensure compliance with this policy and that any training issues are addressed.

Nothing in the policy precludes the watch commander from requiring that a supervisor complete a Use of Force Investigation Report for any incident involving force.

The on-duty watch commander shall promptly notify the Office of the Independent Police Auditor in the event that a use of force resulted in significant (i.e. life threatening) injury, notwithstanding the notification requirements regarding officer-involved shootings and in-custody deaths pursuant to Policy 310.

#### **300.8 TRAINING**

Officers will receive annual training on this policy (at a minimum) and demonstrate their knowledge and understanding.

Departmental personnel authorized to carry lethal and less-lethal weapons will be issued copies of, and be instructed in, the policies of lethal and less-lethal force before being authorized to carry a weapon. The issuance and instruction shall be documented.

#### **300.9 USE OF FORCE ANALYSIS**

At least annually, the Operations Bureau Deputy Chief should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police, the Office of the Independent Police Auditor, and the BART Police Citizen Review Board. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

## Handcuffing and Restraints

### 306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

### 306.2 POLICY

The Bay Area Rapid Transit Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

### 306.3 USE OF RESTRAINTS

Only members who have successfully completed Bay Area Rapid Transit Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

#### 306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

#### 306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

### Handcuffing and Restraints

---

No person who is in labor, **delivery**, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, **officers**, or others (Penal Code § 3407; Penal Code § 6030).

#### 306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the **officer**, or damage property.

#### 306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the **person** (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or **during**, transportation to the jail.

#### 306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most **situations**, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the **person** or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

#### 306.5 APPLICATION OF SPIT HOODS

Spit **hoods** are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Handcuffing and Restraints*

---

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

#### **306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES**

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

#### **306.7 APPLICATION OF LEG RESTRAINT DEVICES**

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

##### **306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS**

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### Handcuffing and Restraints

---

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by **emergency medical services**, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the **person** (e.g., prolonged struggle, extreme agitation, impaired respiration).

#### 306.8 REQUIRED DOCUMENTATION

If a **person** is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a **person** is arrested, the use of **handcuffs or other** restraints shall be documented in the related report.

Officers should **document the following information in reports**, as **appropriate, when restraints other than handcuffs are used on a person**:

- (a) The **factors that led to the decision to use restraints.**
- (b) **Supervisor notification and approval of restraint use.**
- (c) **The types of restraint used.**
- (d) **The amount of time the person was restrained.**
- (e) **How the person was transported and the position of the person during transport.**
- (f) **Observations of the person's behavior and any signs of physiological problems.**
- (g) **Any known or suspected drug use or other medical problems.**

#### 306.9 TRAINING

**Subject to available resources, the Personnel and Training Lieutenant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:**

- (a) **Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.**
- (b) **Response to complaints of pain by restrained persons.**

## *Handcuffing and Restraints*

---

- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

## Officer-Involved Shootings and Deaths

### 310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

### 310.2 POLICY

The policy of the Bay Area Rapid Transit Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

### 310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

### 310.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

#### 310.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Bay Area Rapid Transit Police Department would control the investigation if the suspect's crime occurred in San Francisco Bay Area Rapid Transit District.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by another agency, at the discretion of the Chief of Police and with concurrence from the other agency.

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Officer-Involved Shootings and Deaths*

---

#### 310.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

#### 310.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

#### 310.4.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table helps identify the possible scenarios and responsibilities for the investigation of officer-involved shootings. This may vary based on the incident county and their protocol.

	<b>Criminal Investigation of Suspect(s)</b>	<b>Criminal Investigation of Officer(s)</b>	<b>Civil Investigation</b>	<b>Administrative Investigation</b>
<b>BPD Officer in This Jurisdiction</b>	BPD Investigators	BPD Investigators w/District Attorney's Office	BART Legal Counsel	BPD Office of Professional Standards / BART Office of the Independent Police Auditor

<b>BPD Officer in Another Jurisdiction</b>	Agency where incident occurred	Decision made by agency where incident occurred	BART Legal Counsel	BPD Office of Professional Standards / BART Office of the Independent Police Auditor

#### 310.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death. The following checklist is a guideline that should be followed following an incident involving an officer-involved shooting or death;

- The BART Police Department officer assigned to the original call is in command of the scene until relieved by a supervisor or other person of higher authority. This includes those instances where more than one agency is participating or assisting in the investigation in BART's jurisdiction.
- Ensure that all necessary life-saving efforts are undertaken for any injured persons.

#### 310.5.1 OFFICER IN CHARGE - RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting, the first uninvolved BART PD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

#### **310.6 CRIMINAL INVESTIGATION**

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) BART PD supervisors and Internal Affairs Division personnel should not participate directly in any voluntary interview of BART PD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry. The BART Independent Police Auditor and Independent Police Investigators shall be provided with the same opportunity to monitor interviews and provide criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators.

#### 310.6.1 **REPORTS BY INVOLVED BART PD OFFICERS**

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved BART PD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved BART PD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved BART PD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

#### 310.6.2 **WITNESS IDENTIFICATION AND INTERVIEWS**

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
  1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
  2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
  1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

### Officer-Involved Shootings and Deaths

---

- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

#### 310.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of BART PD officers to determine conformance with department policy. The investigation will be conducted under the supervision of the Internal Affairs Division and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
  1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
  1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
  2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
  3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).
  4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Lybarger* or *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

### Officer-Involved Shootings and Deaths

---

5. The Internal Affairs Division shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

#### 310.8 MEDIA RELATIONS

- Day Light and Low Light: annually

#### 312.6.5 FAILURE TO QUALIFY WITH SHOTGUN OR RIFLE

Personnel who fail to attain the minimum passing qualification score with the shotgun or rifle shall be allowed a minimum of one additional opportunity to qualify during that training day. Those personnel that are still unable to qualify may receive additional firearms training that day if training time and a sufficient number of Range Staff are available. In situations involving personnel that are unable to qualify by the end of their scheduled shift or the conclusion of the training day (whichever comes first), the Rangemaster or on-site Range Sergeant shall, as soon as practicable, notify the employee's immediate supervisor or the on-duty Watch Commander of the failure to qualify.

If in the opinion of the supervisor/primary trainer at the site of the training, the employee's actions/decision-making is so unsafe that if they were returned to full duty, the employee may be a safety hazard to themselves, fellow employees, and/or the public; the supervisor/primary trainer shall recommend mandatory remedial training for the employee. The primary trainer shall contact the

on-duty Watch Commander as soon as practicable and make the recommendation for mandatory remedial training.

If the request for mandatory remedial training is approved, the employee shall be removed from a firearm-carrying capacity and placed into a temporary administrative position until such time as that employee satisfactorily completes the mandatory remedial training.

Repeated failures to correct such deficiencies may result in implementation of progressive discipline.

Nothing in this policy precludes the department from requiring an employee to successfully complete remedial training to correct lesser safety violations and/or marginal tactical decision-making skills, without the employee first being removed from full-duty status.

#### **312.8 FIREARM DISCHARGE**

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, the member shall file a written report or provide a recorded statement no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

##### **312.8.1 DANGEROUS ANIMALS**

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

##### **312.8.2 INJURED ANIMALS**

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

---

Stray or abandoned injured animals that may be moved or taken to an available veterinarian should not be euthanized. With supervisor approval, abandoned injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made. Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed (Penal Code § 597.1).

#### 312.8.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged. Warning shots are only allowed when lethal force is justifiable.

#### 312.9 RANGEMASTER DUTIES

The rangemaster falls under the Personnel and Training Division and reports to the Personnel and Training Division Lieutenant.

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Personnel and Training Lieutenant after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to Department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry. At a minimum, the Rangemaster shall conduct a semiannual inventory of all firearms under the Department's control.

The Rangemaster shall complete and submit to the Personnel and Training Lieutenant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Personnel and Training Lieutenant.

## Vehicle Pursuits

### 314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officer's conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

#### 314.1.1 VEHICLE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

### 314.2 OFFICER RESPONSIBILITIES

It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

#### 314.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Vehicle Pursuits*

---

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).
- (d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
- (f) Pursuing officers familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) Availability of other resources such as helicopter assistance.
- (l) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner in the police vehicle.

#### 314.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In

the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle’s location is no longer definitely known.
- (c) Officer’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) There are hazards to uninvolved bystanders or motorists.
- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Pursuit is terminated by a supervisor.

#### 314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

#### 314.2.4 TERMINATING A PURSUIT

The primary officer, monitoring supervisor, or watch commander may terminate a vehicle pursuit at anytime. The primary officer shall terminate a pursuit when any of the criteria for terminating a pursuit, listed in this policy, have been met, or when directed by a supervisor.

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks (i.e., the immediate danger to bystanders, other motorists, or involved officers) of

# Bay Area Rapid Transit Police Department

### *Vehicle Pursuits*

---

continuing the pursuit reasonably appear to be greater than the potential danger resulting from the suspect(s) remaining at large.

The factors listed in this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle(s).

In addition to the factors listed in this policy the following factors should also be considered in deciding whether to terminate a pursuit:

- Distance between the pursuing officers and the fleeing vehicle(s) is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance
- Pursued vehicle's location is no longer definitely known
- Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive
- The suspect can be identified to the point where later apprehension will likely be accomplished, and the pursuing officers reasonably believe that the public and/or victim are not placed in greater danger by the suspect remaining at large

#### 314.2.5 PROTOCOL FOR TERMINATING A PURSUIT

Whenever a pursuit is terminated, the termination shall be broadcast over the police radio. All officers involved in the pursuit shall acknowledge the broadcast and immediately deactivate all emergency equipment, while returning to normal driving, unless otherwise advised by the monitoring supervisor or Watch Commander.

#### 314.2.6 PROTOCOL AT PURSUIT TERMINATION POINT

When a pursuit ends, the primary officer is responsible for notification to the Communications Center so that other responding units can shut down their emergency equipment if necessary.

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for the pursued vehicle.

If the pursuit ends because the suspect vehicle stops, the primary officer is responsible for coordinating the response of other units until relieved by a supervisor. Coordinating the response of other units entails giving updates as to the status of the suspect(s), direction of flight if fleeing on foot, whether or not other units need to continue Code-3, and to broadcast any assignments and/or resources that are needed.

The monitoring supervisor shall proceed directly to the termination point of any pursuit to confer with the primary officer and provide supervision/coordination at the scene.

## *Vehicle Pursuits*

---

### **314.3 PURSUIT UNITS**

Pursuit units should be limited to three vehicles (two units and a supervisor); however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

#### **314.3.1 SECONDARY UNIT RESPONSIBILITIES**

The secondary officer(s) in the pursuit is responsible for the following:

- (a) Immediately notify the dispatcher of entry into the pursuit
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise

#### **314.3.2 PRIMARY UNIT RESPONSIBILITIES**

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify Integrated Security Response Center that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of known occupants.
- (f) The identity or description of the known occupants.
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

# Bay Area Rapid Transit Police Department

### *Vehicle Pursuits*

#### 314.3.3 SECONDARY UNITS RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- (a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

#### 314.3.4 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
  - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
  - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
  - 1. Requesting assistance from an air unit.
  - 2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
  - 3. Requesting other units to observe exits available to the suspects.
- (d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

#### 314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Vehicle Pursuits*

---

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that aircraft are requested if available.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Controlling and managing BART PD units when a pursuit enters another jurisdiction.
- (j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

#### 314.4.1 WATCH COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

#### **314.5 COMMUNICATIONS**

If the pursuit is confined within the District limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

#### 314.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, Integrated Security Response Center will:

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Vehicle Pursuits*

---

- (a) Coordinate pursuit communications of the involved units and personnel.
- (b) Notify and coordinate with other involved or affected agencies as practicable.
- (c) Ensure that a field supervisor is notified of the pursuit.
- (d) Assign an incident number and log all pursuit activities.
- (e) Broadcast pursuit updates as well as other pertinent information as necessary.
- (f) Notify the Watch Commander as soon as practicable.

#### **314.6 INTER-JURISDICTIONAL CONSIDERATIONS**

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

##### **314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY**

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Bay Area Rapid Transit Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

##### **314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION**

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

## *Vehicle Pursuits*

---

- (a) Ability to maintain the pursuit
- (b) Circumstances serious enough to continue the pursuit
- (c) Adequate staffing to continue the pursuit
- (d) The public's safety within this jurisdiction
- (e) Safety of the pursuing officers

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the District limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

### **314.7 PURSUIT INTERVENTION**

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practicable. Pursuit interventions are not authorized by this department.

#### **314.7.1 USE OF FIREARMS**

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

#### **314.7.2 APPREHENSION OF SUSPECTS**

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Vehicle Pursuits*

---

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

#### **314.8 REPORTING REQUIREMENTS**

The following reports should be completed upon conclusion of all pursuits:

- (a) The primary officer should complete appropriate crime/arrest reports.
- (b) The zone sergeant, or designated supervisor, shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1).
- (c) The zone sergeant, or designated supervisor, is responsible for completing **a Pursuit Incident in BlueTeam.**

##### **314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING**

In addition to initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

##### **314.8.2 POLICY REVIEW**

Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

#### **314.9 APPLICATION OF VEHICLE PURSUIT POLICY**

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

## Missing Persons

### 332.1 PURPOSE AND SCOPE

This policy provides guidance for handling missing person investigations.

#### 332.1.1 DEFINITIONS

**At risk** - Includes, but is not limited to (Penal Code § 14215):

- A victim of a crime or foul play.
- A person missing and in need of medical attention.
- A missing person with no pattern of running away or disappearing.
- A missing person who may be the victim of parental abduction.
- A mentally impaired missing person, including cognitively impaired or developmentally disabled.

**Missing person** - Any person who is reported missing to law enforcement when the person's location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

**Missing person networks** - Databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

### 332.2 POLICY

The Bay Area Rapid Transit Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Bay Area Rapid Transit Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

### 332.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Criminal Investigations supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

- Department report form for use in missing person cases
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)

---

- Missing person school notification form
- Medical records release form from the California Department of Justice
- California DOJ missing person forms as appropriate

#### **332.4 ACCEPTANCE OF REPORTS**

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

#### **332.5 INITIAL INVESTIGATION**

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (a) Respond to a dispatched call for service as soon as practicable.
- (b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
- (e) Ensure that entries are made into the appropriate missing person networks as follows:
  1. Immediately, when the missing person is at risk.
  2. In all other cases, as soon as practicable, but not later than two hours from the time of the initial report.
- (f) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.
- (g) Collect and/or review:
  1. A photograph and a fingerprint card of the missing person, if available.
  2. A voluntarily provided biological sample of the missing person, if available (e.g., toothbrush, hairbrush).

## Child and Dependent Adult Safety

### 380.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

### 380.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Bay Area Rapid Transit Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

### 380.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

### *Child and Dependent Adult Safety*

---

#### 380.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
  - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
  - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

#### 380.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Child and Dependent Adult Safety*

---

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

#### 380.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
  - 1. Name
  - 2. Sex
  - 3. Age
  - 4. Special needs (e.g., medical, mental health)
  - 5. How, where and with whom or which agency the child was placed
  - 6. Identities and contact information for other potential caregivers
  - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
  - 1. Name
  - 2. Sex
  - 3. Age
  - 4. Whether he/she reasonably appears able to care for him/herself
  - 5. Disposition or placement information if he/she is unable to care for him/herself

#### 380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

#### **380.4 DEPENDENT WELFARE SERVICES**

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or **dependent** adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol **car**, or taken into formal protective custody.

### **380.5 TRAINING**

## Mobile Data Computer Use

### 448.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Integrated Security Response Center.

### 448.2 POLICY

Bay Area Rapid Transit Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

### 448.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

### 448.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies. The introduction of unauthorized software programs or other files to the MDC is strictly prohibited. The manipulation or alteration of current software running on the MDC, with the exception of adjustments to the display, is also prohibited.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

Messages may be reviewed by supervisors at any time without prior notification. It shall be the responsibility of the supervisors to enforce this policy and to **monitor** messages being sent by employees to ensure compliance with professional standards and policy.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system

unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

#### 448.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped.

Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

#### **448.5 DOCUMENTATION OF ACTIVITY**

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

#### 448.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

#### 448.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

#### **448.6 EQUIPMENT CONSIDERATIONS**

##### **448.6.1 BOMB CALLS**

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

## Parking Enforcement

### 521.1 PURPOSE AND SCOPE

The purpose of this policy is to delineate the District's parking programs, restricted parking areas, regulations, and departmental parking-enforcement procedures.

It shall be the policy of this department to regularly enforce parking violations in District parking facilities by the issuance of parking citations, parking violation warning notices, or verbal warnings. When parking citations are issued, appropriate BART Resolution or California Vehicle Code sections will be used. Parking citations shall only be issued by sworn personnel and community service officers.

**District** parking is governed by respective union/association contracts, designated parking spaces, and District parking programs and regulations listed herein as applicable. ⚠

(a) **Board of Director Permits:** ⚠

- ⚠ 1. ⚠ Directors employed by the Metropolitan Transportation Commission (MTC) are issued permits by the MTC. Parking for these permitted vehicles is located in the MTC parking lot located at 101-8th Street, Oakland. These vehicles are allowed to park in designated parking areas located beneath the building's overhang. All other vehicles parked in violation of the posted signs designating restricted hours should be issued citations or warning notices as appropriate.

- (b) ⚠ **Special Permits:** The District's Parking Division, as well as the chief of police, may at times issue special parking permits for various reasons. These permits may allow a vehicle to be legally parked in areas that it may not otherwise be permitted. If in doubt as to the validity or restrictions of any particular permit, ⚠ the citing employee shall contact the Parking Division, the department's traffic officer, or the employee's supervisor for clarification.

- (c) ⚠ **Warning Notices:** Warning notices shall be issued for a pre-determined length of time to vehicles that are parked illegally but are subject to a modified or newly adopted regulation. The pre-determined length of time will be determined by the department. Warning notices should also be considered if there has been significant disruption in regular enforcement or if markings or signage is not reasonably clear.

- (d) ⚠ **Verbal Warnings:** Verbal warnings shall be given to drivers who stop and wait in a no-parking zone to drop off or pick-up passengers. Drivers will be told to move their vehicles. Those who refuse to heed the warning should be cited for the parking violation, not for failure to obey traffic control signs. Exceptions would be drivers who clearly violate posted "Do Not Enter" and "Bus Zone" signs.

#### 521.2.1 ISSUING PARKING CITATIONS

Prior to issuance, parking citations shall be completed in their entirety. Handwritten citations shall be completed using a pen containing black ink only. The Parking Violation Notices are two-part (no carbon required) and the pen must have a hard writing point so that the written information is transferred from the top copy of the citation to the copy below. Once the required date, time observed, time issued location, vehicle identifying information, violation, fine amount, and additional remarks are completed, the issuing employee shall print his/her name and badge number in the space provided. Citations shall be printed clearly and legibly, including the name and ID number of the issuing employee.

Electronically-generated citations may also be issued if authorized handheld electronic units are available. As above, these citations must also be completed in their entirety.

Completed citations shall be left under the vehicle's driver side windshield wiper. If the vehicle does not have windshield wipers, some other secure method of attachment should be utilized and the citation should be placed where it is obvious to the returning driver.

If the issuing employee encounters a situation in which a car is parked in violation of parking restrictions, and it appears to the employee that it may not be clear to a reasonable person that the vehicle was parked in violation (e.g., missing or poorly located signage, very worn curb markings), the employee shall refrain from issuing a citation until the problem is rectified. If it is questionable as to the clarity of the signage or marking, a police supervisor may be consulted and/or a warning notice may be issued in lieu of citation.

Specific problems with poor or unclear signage or markings will be reported via e-mail to the administrative traffic supervisor, who will convey the need for corrective measures to the Parking Division and/or other appropriate department.

Handwritten citations shall be turned in by end of the issuing employee's shift and forwarded to the Traffic Division for sending to the Citation Processing Center. Electronic citations shall be uploaded by the end of the employee's shift.

#### 521.2.2 VOIDING PARKING CITATIONS

If a citation has been started or completed and prior to issuance mitigating circumstances arise that support that the citation should not be issued, the citation may be voided. To do this, the issuing employee shall write "VOID" in large letters, across the face of the citation. The voided citation shall then be forwarded to the Traffic Division for processing or for sending to the Citation Processing Center for processing. For electronic citations, the issuing employee should void the citation via assigned handheld. If unable to do so, the issuing employee should send an email to the citation processing center to request a void of the citation.

Once a parking citation has been completed and secured to the vehicle, employees may not normally void the citation. Even if the issuing employee or supervisor determines that the citation should have not been issued or it should be dismissed in the interest of justice. When such instances occur, the person receiving the citation should be instructed to appeal it via the instructions on the back of the citation (see below).

### Parking Enforcement

---

There is an exception to this process. If the citation was issued for BR-2495-4, Sign Violation-Fee Required, the citation may be voided after issuance if it falls within certain parameters. If, after issuance, the person receiving the citation reports that the citation was issued in error and provides a receipt proving that the required parking fee was paid to or in close proximity to the issuance of the citation, then the receiving employee shall collect the citation (Note: "close proximity" as used in the preceding sentence is defined as the few minutes that it would take a customer to park and proceed into the station to pay for parking, while a citation could be issued prior to payment). The citation shall then be voided and forwarded, along with the receipt provided by the person receiving the citation, to LMA for sending to the Citation Processing Center. The receiving employee shall also issue the person a Parking Control Machine Verification Receipt (form #1400).

#### 521.2.3 APPEAL PROCESS

For those receiving a parking citation, 40215(a) CVC allows for an initial review of the citation to determine if the violation did not occur, the registered owner was not responsible for the violation, or that extenuating circumstances make dismissal of the citation appropriate in the interest of justice. If, during the review, any of the above listed reasons are found to be prevailing, the traffic office may cancel the citation or will contact the Citation Processing Center and instruct them to cancel the citation. The citation review must be received within 21 calendar days of the issuance of the citation or 14 calendar days from the mailing of the notice of delinquent parking violation. The review may be made by electronically, in writing via the Citation Processing Center, or in person. Per 40215(b) CVC, if the subject contesting the citation is dissatisfied with the results of the initial review, the person may request an administrative hearing of the violation(s) no later than 21 calendar days following the mailing of the results of the initial review. This hearing may take place by mail, electronically via the Citation Processing Center website, or in person scheduled via the Citation Processing Center.

#### 521.2.4 MONTHLY RESERVED PARKING

Both monthly reserved and airport/long term-parking permits are assigned numbers which are printed on the permits. These permit numbers can be input into a cellular telephone equipped with a Web browser provided by Parking Permit vendor in order to check the permit's validity and expiration date. Those CSOs that have access to the enforcement cell phones should regularly check vehicles displaying these permits to assure permit validity.

#### 521.2.5 VEHICLE CODE REGISTRATION AND EQUIPMENT VIOLATIONS

Unattended vehicles may be issued parking citations for registration violations (e.g., expired registration, missing registration tabs. Citations for expired registration will not be issued unless a registration has been expired for more than six (6) months. Unattended vehicles will not be issued citations for equipment violations (e.g., cracked windshields, missing gas cap, no front license plate).

#### 521.2.6 APPLICABLE PARKING ENFORCEMENT CODE SECTIONS

### **521.3 TOWING OF VEHICLES FOR PARKING VIOLATIONS**

#### **521.3.1 EXCESSIVE OUTSTANDING PARKING CITATIONS**

California Vehicle Code Section 22651 (i) allows for the towing and impounding of any vehicle, excluding rental vehicles, that are known to have been issued five (5) or more notices of parking violations to which the owner or person in control of the vehicle has not responded to within 21 calendar days of citation issuance, or 14 calendar days of the mailing of a notice of delinquent parking violations, or the registered owner has not paid the applicable fines, or has failed to appear in court to adjudicate the outstanding citations. It shall be the policy of this department to tow only after (10) or more parking citations are on file. In such cases, the employee seeking to tow and impound of the vehicle in question, shall contact the department's traffic officer for confirmation through DMV and/or Citation Processing Center of the outstanding citations. If the traffic officer cannot confirm that at least 10 outstanding parking citations meet the above criteria, the vehicle shall not be towed. If the vehicle has five (5) confirmed notices of parking violations and is involved in a criminal investigation, it can be towed without exception. All tows done under section 22651(i) CVC must be approved in advance by the zone sergeant.

#### **521.3.2 PARKING WITH REGISTRATION EXPIRED IN EXCESS OF SIX MONTHS**

California Vehicle code section 22651(o) allows for the towing and impounding of vehicles in which the registration is expired in excess of six (6) months. ▲

#### **521.3.3 PARKING AND ENFORCEMENT INFORMATION CONTACTS**

The District's Parking Division may be contacted at [parking@bart.gov](mailto:parking@bart.gov). This division is responsible for establishing and managing the District's parking programs. The Parking Division is also responsible for managing, ordering, and follow-up on placement and replacement of parking signage, repaving, pavement paintings and markings, and stall numbers.

# Sexual Assault Investigations

## 602.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

### 602.1.1 DEFINITIONS

Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

## 602.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

## 602.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

## *Sexual Assault Investigations*

---

### **602.4 REPORTING**

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

### **602.5 VICTIM INTERVIEWS**

The primary considerations in sexual assault investigations, which begin with the initial call to Integrated Security Response Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

#### **602.5.1 VICTIM RIGHTS**

Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

- (a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
  1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
  2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

## BART PD Policy Manual

### *Sexual Assault Investigations*

---

#### 602.5.2 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

#### **602.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE**

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

#### 602.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Sexual Assault Investigations*

---

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

#### 602.6.2 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
  1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
  2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):
  1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
  2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
  3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.
- (c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Sexual Assault Investigations*

---

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

#### **602.6.3 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT**

The Property and Evidence Section supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

#### **602.7 DISPOSITION OF CASES**

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Criminal Investigations Division supervisor.

Classification of a sexual assault case as unfounded requires the Criminal Investigations Division supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

#### **602.8 CASE REVIEW**

The Criminal Investigations Division supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

#### **602.9 RELEASING INFORMATION TO THE PUBLIC**

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Criminal Investigations Division supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

## *Sexual Assault Investigations*

---

### **602.10 TRAINING**

Subject to available resources, periodic training **should** be provided to:

- (a) Members who are first responders. Training should include:
  - 1. Initial response to sexual assaults.
  - 2. Legal issues.
  - 3. Victim advocacy.
  - 4. Victim's response to trauma.
  - 5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
- (b) Qualified **investigators**, who should receive advanced training on additional topics. Advanced training should include:
  - 1. Interviewing sexual assault victims.
  - 2. SART.
  - 3. Medical and legal aspects of sexual assault investigations.
  - 4. Serial crimes investigations.
  - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
  - 6. Techniques for communicating with victims to minimize trauma.

## Cash Handling, Security and Management

### 710.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

### 710.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust. The terms "fund manager" and "petty cash custodian" are synonymous for the purpose of this policy.

### 710.3 PETTY CASH FUNDS

The Chief of Police shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund, including the dispersal of cash reimbursements..

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager. The fund manager shall maintain a balance sheet or ledger that identifies initial balance, credits (cash income received), debits (cash disbursed) and the balance on hand. He/she shall maintain receipts for documentation for cash fund transactions. The fund manager is responsible for the petty cash box. The locking petty cash box is not to exceed \$500 and will be kept out of site in a locked location when not in use.

### 710.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and any other appropriate forms. Cash fund distributions must be authorized by the Budget Administrative Supervisor. The Support Services Bureau Lieutenant may authorize transactions in the Budget Administrative Supervisor's absence. The fund manager must record and document all cash reimbursement transactions. Each petty cash transaction should not exceed \$100. Cash reimbursements over \$100 must be approved by the Chief of Police.

The fund manager will generate a petty cash receipt. This receipt will be signed by Budget Administrative Supervisor, or the Support Services Bureau Lieutenant in their absence, documenting the transaction. Only the employee seeking reimbursement may sign for and receive the cash reimbursement. Any exceptions will be documented in writing in advance of the reimbursement dispersal.

Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Cash Handling, Security and Management*

---

#### **710.5 PETTY CASH AUDITS**

The Budget Administrative Supervisor shall perform an audit **quarterly**. This audit requires that the Budget Administrative Supervisor and at least one command staff member, selected by the Chief of Police, review the transaction ledger and verify the accuracy of the accounting. The Budget Administrative Supervisor and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Chief of Police.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Chief of Police or the District.

#### **710.6 ROUTINE CASH HANDLING**

Those who handle cash as part of their property or Criminal Investigations Division supervisor duties shall discharge those duties in accordance with the Property and Evidence and Informants policies.

Members who routinely accept payment for department services shall discharge those duties in accordance with the procedures established for those tasks.

#### **710.7 OTHER CASH HANDLING**

Members of the Department who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property and Evidence Policy.

Cash in excess of \$1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

# Reporting of Employee Convictions

## 1010.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions. ⚠

## 1010.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

## 1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust. ⚠

## 1010.4 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired

officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

#### **1010.5 PROCEDURE FOR RELIEF**

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

#### **1010.5.1 NOTIFICATION REQUIREMENTS**

The Support Services Supervisor shall submit within 30 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

The Support Services Supervisor shall submit within 30 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher, and records supervisor employed by this department (11 CCR 1003).

## Personnel Complaints

### 1020.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Bay Area Rapid Transit Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

#### 1020.1.1 DEFINITIONS

Personnel complaints shall be defined as any allegation of misconduct or improper job performance against any Department employee that, if true, would constitute a violation of Department policy, federal, state or local law. When an allegation warrants investigation, such complaints will be referred to the Internal Affairs Unit for assignment.

If a person alleges or raises an issue that does not constitute a violation of Department policy, procedure, rules, regulations, or the law, the Department will classify the issue as an inquiry.

#### Definitions:

- (a) **Allegation:** An unproven accusation that a member of the Police Department violated Department/District policy or procedure, or the law.
- (b) **Misconduct:** An act or omission by a Department member that is a violation of Department/District policy or procedure, or the law; which if sustained, could result in disciplinary action.
- (c) **Formal Complaint:** An expression of dissatisfaction or disapproval in regards to the performance of a Police Department employee.
- (d) **Informal Complaint:** A comment on the actions of a Department employee, where either the reporting party expressly states that he or she does not feel that the matter should be formally investigated (with the understanding that an Informal Complaint does not hold the potential to result in disciplinary action against the employee), or the Department determines that the nature of the allegation(s) indicates that the investigation should be handled as an Informal Complaint.
- (e) **Supervisor Referral:** For instances involving an Informal Complaint, the Internal Affairs Unit may address the issue through a Supervisor Referral. An assigned supervisor would then address the issue informally with the involved employee and document the content of the conversation in a memorandum to the Internal Affairs Unit.
  - 1. If the alleged involved employee cannot be identified by the complainant or through investigation by Internal Affairs, then the Supervisory Referral will be attributed to “unknown” employee.
  - 1. If the involved employee has a repeated history of similar complaints, the incident may be formally investigated.

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### Personnel Complaints

---

2. If the nature of the allegation(s) warrants investigation, then a formal investigation will be conducted.
  3. Generally, the following will not be addressed through a Supervisory Referral: allegations of excessive/improper force, racial animus, bias-based policing, or workplace discrimination (exceptions may only be approved by the Chief of Police or his/her designee).
- (f) **Complaint Mediation Program:** For instances involving an Informal Complaint, the issue may also be addressed through Complaint Mediation as defined and specified in Policy 1021. Internal Affairs personnel will advise complainants of the Mediation Program option if the complaint is eligible for mediation.
1. Participation in the Complaint Mediation Program must be voluntary for both the complainant(s) and the involved employee(s).
  2. Complaints that include any of the following allegations will not be eligible for the Complaint Mediation program:
    - (a) Use of Deadly Force
    - (b) Suspicious and Wrongful Deaths
    - (c) Unnecessary or Excessive Use of Force
    - (d) Truthfulness
    - (e) Racial Animus
    - (f) Bias-Based Policing and/or Racial Profiling
    - (g) Sexual Orientation Bias
    - (h) Sexual Harassment
    - (i) Arrest or Detention
    - (j) Search or Seizure
    - (k) Reporting Misconduct
    - (l) Workplace Discrimination/Harassment
    - (m) Supervision
    - (n) Substantial injury suffered by any of the involved parties
  3. The Chief of Police, or the Chief's designee, at his or her discretion, may deem any complaint ineligible for mediation.
- (g) **Inquiry:** A question or comment regarding the actions of a Department employee or the implementation of Department policy, with no allegation of misconduct. An inquiry could also be a circumstance where a complainant initiates a complaint with Internal Affairs; however it is later determined that the involved party is not a BART Police employee. The case will be referred to the correct agency or department. The BART inquiry will be Administratively Closed.

### Personnel Complaints

---

- (h) **Service Review:** When a citizen/customer raises a concern pertaining to a global practice throughout the Department such as Department policy, procedure and/or tactics. Depending on the circumstances, the concern may be evaluated and addressed through a Service Review conducted by Internal Affairs, a designated review committee, or a member of Command Staff. When appropriate, a Service Review could result in a change to Department policy, training and/or tactics.
- (i) **Administrative Closure:** Allegations that are received and documented; however the Chief of Police or his/her designee determines, based on a preliminary investigation, that further investigation is not warranted. Under these circumstances, the complaint will be Administratively Closed and documented in a summary memorandum to the case file. Employees will be documented as witnesses only, not as subjects to the complaint. Internal Affairs will send a letter to the complainant notifying them that the case was closed following a preliminary investigation.

A case may be administratively closed under (but not limited to) the following circumstances:

- The complaint fails to articulate an act, or failure to act, which would constitute a violation of policy, procedure or law that could lead to discipline if proven true.
- The complaint is received after one year or more has elapsed from the date of the incident, making it difficult to investigate the incident in a thorough, fair, and complete manner. (Particularly, allegations such as courtesy or minor procedural violations may be Administratively Closed if the Department is not made aware of the complaint in a timely manner.)
- The complaint lacks specificity and the complainant either refuses to cooperate or becomes unavailable to provide information necessary to investigate the incident.
- Complaints limited to parking or infraction citations, where there is no allegation of misconduct, shall be referred to the parking citation appeals process or the respective court.
- Complaints that appear to not be based in reality may be administratively closed, including but not limited to the following:
  - The complaint appears hallucinatory and/or fantastical, and there does not appear to be facts available to ground the complaint in reality.
  - The complaint is grossly illogical and/or incomprehensible.
  - The complaint centers on the alleged existence of a broad conspiracy; however there are no articulated facts to be investigated.
  - The complaint is largely similar in content and/or nature to a previous complaint brought by the same complainant, and the previous complaint resulted in a finding of "Unfounded."

A complaint may also be administratively closed under the following circumstances:

- If the incident giving rise to the complaint is recorded on video (body-worn video, surveillance video, and/or any other available video), and the video directly and completely refutes all allegations, then the complaint may be administratively closed based on the following conditions:

# Bay Area Rapid Transit Police Department

## BART PD Policy Manual

### *Personnel Complaints*

---

- Internal Affairs reviews the complaint and the video and determines that the allegation is either unfounded or exonerated based on the video, and
- Internal Affairs determines that no further investigation is necessary to unfound or exonerate the allegation and
- The BART Office of Independent Police Auditor (OIPA) exercises its authority under the BART Citizen Oversight Model to review the Internal Affairs investigative processes and findings and determines that the findings and administrative closure are justified.
- In these circumstances, and only after review by OIPA pursuant to the Model, Internal Affairs will document the allegation, summarize the video, and justify a disposition of unfounded or exonerated in an Administrative Closure memorandum to file.
- If OIPA determines that the evidence does not support a finding of unfounded or exonerated and/or that an administrative closure is inappropriate, then a full Internal Affairs investigation will be conducted.

If a complaining party initiates a complaint but then either refuses to cooperate with the investigation or becomes unavailable, the Internal Affairs Unit will exercise due diligence and proceed with an investigation. Based on a lack of information, the Chief of Police or his/her designee may determine that a matter does not need to be classified as a personnel complaint and the investigation may be administratively closed. However, depending on the seriousness of the complaint and the availability of information, further investigation may be conducted by the Internal Affairs Unit.

#### 1020.1.2 ALLEGATION CLASSIFICATIONS

The following classifications of allegations will be used. The purpose of these classifications is to objectively characterize the potential misconduct while avoiding the use of value-laden words that could prejudice the investigation.

- (a) **Arrest or Detention:** An allegation that an arrest lacked probable cause or a detention lacked reasonable suspicion.
- (b) **Bias-Based Policing:** An allegation that a Department member engaged in conduct based on a person's race, religion (religious creed), age, marital status, national origin, ancestry, sex, sexual orientation, actual or perceived gender identify, medical condition, or disability.
- (c) **Courtesy:** An allegation that a Department member inappropriately used profane or derogatory language, obscene gesture, or an unprofessional demeanor during a contact with a member of the public.
- (d) **Conduct Unbecoming:** An allegation that a member's conduct, either on or off-duty, was conduct that a reasonable person would find unbecoming a police employee. The nature of the conduct could potentially reflect adversely upon the Department.
- (e) **Force:** An allegation that the amount of force used by a Department member was not objectively reasonable.

- (n) **Truthfulness:** An allegation that a Department member knowing made a false statement or purposely omitted pertinent facts to a supervisor, in a police report, court testimony, or investigative interview conducted by the Department; or the fabrication or destruction of evidence.
- (o) **Workplace Discrimination and (WH) Workplace Harassment:** See BART Operations Rules and Procedures Manual section 1307.

The definitions of Discrimination and Harassment only apply to workplace interactions between BART employees and to Department Initiated Investigations that arise from allegations of workplace discrimination and harassment. Discrimination or harassment by Department members toward members of the public shall be characterized as an allegation of Bias Based Policing (BBP) and/or Racial Animus.

#### **1020.2 POLICY**

The Bay Area Rapid Transit Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

- (e) When a complainant is intoxicated to a degree that his/her physical state may significantly inhibit his/her ability to give a thorough and complete statement, a supervisor should not attempt to take a detailed statement at that time. Instead, the supervisor should take a brief recorded statement, obtain the complainant's contact information, and give the complainant a complaint form for future reference. The Office of Internal Affairs will take appropriate actions to contact the complainant and take a detailed statement at a time when the complainant is no longer impaired due to intoxication.

##### **1020.6.1 SUPERVISOR RESPONSIBILITIES**

  - (a) A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
  - (b) No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.
- (i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. - (k) No member may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor's *Brady* list or the name of the officer may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

#### 1020.6.3 INTERNAL AFFAIRS INVESTIGATION PROCESS

The use of compelled testing results shall be restricted to the administrative investigation.

Any employee may also be required to be photographed, video and/or audio recorded, and/or ordered to participate in a line up during an Internal Affairs investigation.

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

#### **1020.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES**

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. ## Temporary Modified-Duty Assignments

### 1054.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, District rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

### 1054.2 POLICY

Subject to operational considerations, the Bay Area Rapid Transit Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

### 1054.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Bay Area Rapid Transit Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.
