

## PROJECT MANAGER, INTERAGENCY AGREEMENTS

JC: 000266

PB: 9

FLSA: Exempt

BU: 95 (NR)

Created: June 2019

*Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are **not** intended to reflect all duties performed within the job.*

### **DEFINITION**

Under general direction, manages and administers all interagency agreements; reviews, designs, provides construction management and contract support, and coordinates with other departments; performs related duties as assigned.

### **CLASS CHARACTERISTICS**

This administrator level classification manages major engineering construction or equipment acquisition projects from conceptual planning through completion throughout the District whether accomplished by contract or by District staff, and is accountable for further District goals and objectives within general policy guidelines. This classification is distinguished from the Engineering Division Manager classification in that the latter is responsible for the operations and activities of a specified engineering division.

### **REPORTS TO:**

Deputy Director, Group Manager, Engineering Manager or designee.

### **EXAMPLES OF DUTIES** - *Duties may include, but are not limited to, the following:*

1. Provides high-level support and assistance in development and maintenance of BART inter-agency agreements with partner transit agencies.
2. Develops and directs the implementation of goals, objectives, policies and procedures in assigned project areas.
3. Directs or participates in the preparation and review of designs, plans, specifications and cost estimates; ensures specifications and contract requirements comply with District standards and policies.
4. Develops, assesses, and negotiates operating and maintenance agreements.
5. Oversees contractor and consultant contracts; develops scope of work; prepares request for proposal; reviews proposals and makes recommendation on selection; assists in contract

negotiation and preparation; monitors work activities to ensure compliance with contractual obligations.

6. Serves as the project liaison with other divisions, departments and outside agencies; negotiates and resolves project issues.
7. Provides responsible staff assistance for higher level management staff on projects and related matters.
8. Attends and participates in professional group meetings; stays abreast of new trends and innovations in the field of engineering design and construction.
